Bison Campers after swimming lessons

Bison Camp at the pool

Dear Parents and Guardians,

Another successful week here at Bison Camp! It was great seeing all the campers having so much fun at the BFAC, making boxes, playing outside and making chocolate candies. Let's keep the fun going!

Any parent that has questions or concerns regarding swim lessons please contact Abby, the Learn-to-Swim Director at the BFAC, (216)292-1973.

Thank you to all the campers and parents who brought in snack this week.

Please know that if a camper brings money to camp for the pool or for a field trip, it is their responsibility, it is NOT the counselor's responsibility to keep track or hold on to their money!

Have a great weekend, see you next week!

Shannon Diamond
Camp Director

UPCOMING EVENTS:

- Magician on Wednesday
- NO CAMP ON FRIDAY JULY 3

Bison Campers on the way to the BFAC

SPORTS WITH FISH SCOTT FISCHER

We played "Ultimate Football" and the kids did spectacular. We had a few new records this week- **J. SIZEMORE** broke the defensive int. record of 8 interceptions to now 13 picks! **MITCH** and **SPENCER** battled for the TD record and both broke the old record of 26, way to go! **A.C.** showed why he was an MVP this week with some crazy catches and big hits-leaving two players spackled on the ground. **LOIS** almost scored twice! **K.C.** was on fire this week as QB. **PHENOM** and his sister **KAMRYN** were a great one, two punch all week. Next week we play baseball with a twist! Bring your mitts to camp if you want to play Sports. Thanks to **BU-SETH** "for again playing hardcore."

ART JESSICA

In weekly electives, artists used newspaper and paper maché paste to create wonderful one-of-a-kind boxes. Artists in afternoon art experimented with crayons and water color paint to create water color resistant paintings. Everyone did an excellent job! Next week in Art, we will create Venetian-inspired plaster masks.

SCIENCE/NATURE JASON

What a fun second week! Campers learned about a crazy guy named Sir Issac Newton and his laws of motion. Then, campers got the chance to race a "rocket" as far across the room as possible. They had to consider the shape, size and pressure in the balloon that would be best. Campers who were able to complete the track were: **TYLER R., CAMERON T., JOHN B., CHRISTAIN H., CELESTE B., PARKER B., CAROLINE D., JULIA R., ANDREW M., LAUREN B., EMMA J., MARIE K., HANNAH K., SARAH M., CLAIRE R., JOY R., ALYSSA S., KAMRYN B., AUTUMN B., CAMRYN C., LEAH G., MAHA H., KARI O., LILLIAN P. and ALLEGRA S.** Next week we will be making solar ovens out of pizza boxes!

BEACHWOOD BABES LUCY, LAUREN & CASEY

Week 2 was a fantastic week for the Beachwood Babes. The girls began the week with balloon rockets in Nature and dodgeball games with Fish in Sports. The BFAC was perfect for the hot and humid weather. The girls showed their creative side by making paper mache boxes in Art with Jessica. Candy making gave the girls a chance to get out of the rain and bring out the chef in them. We finished the week with an amazing trip to Fun N' Stuff. Can't wait for next week Beachwood Babes!

THE DESTROYERS ANDREW & BRETT

The Destroyers had another great week at Bison Camp! The weather was perfect for the outdoor activities that the boys participated in such as ultimate football, nature, swimming and playing on the playground. Free swim was once again the boys' favorite activity with many of them utilizing the diving boards, water slides and lazy river, while others just enjoyed the general swim area. The campers of the week are **CHRISTIAN HERLITZE** and **JOHN BARNES**. Both boys exemplified good attitude, effort, hustle and were great teammates. Congratulations guys! We look forward to five more outstanding weeks with you boys!

THE DEVILS AARON & SETH

The only way to describe the Second Week of camp is illustrious. There was so much enthusiasm in the air it made it hard to breathe. **ELI M.** conquered one of the biggest obstacles of the year, he went in the pool for swim lessons. Another big obstacle that was tackled was **ELI G.** actually making it to a swim lessons. How can two miracles happen in one week? AMAZING! We would like to welcome our three new campers this week, **GAVIN**, **BRYCE** and **DREW**! Thank you for spackling us with your presence. For the most part it was a hot week. Thanks to the BFAC, we managed to keep cool and be at the pool like The Devils wanted to be! Our trip to Fun 'N' Stuff was, well, fun and stuff. Great field trip! Campers of the week are **MATTHEW MILLER** and **JONATHAN SLAIN**. We would like to give a shout out to the joke lady in the morning. They are 'gwwweat'! Keep them coming, please!

MISTAKEN ERIC & GARRETT

The second week was awesome. The sport this week was Ultimate Football. **MITCH** and **SPENCER** chased the touchdown record in a couple great games. **AC** stood out in Four Square along with **DONYELL**. We had tons of fun at the BFAC during free swim. On Monday we played the 4th Grade boys in Dodgeball. Thursday was candy making and lots of fun. Friday was our trip to Fun N' Stuff which was an entire day of putt-putt, video games, go-cart riding and rock climbing. We can't wait till next week!

CHARMS CHELSEA & PAIGE

All of The Charms were excited about the scorching temperatures this week and even more ecstatic about going to free swim. It was **NOA IMMERSION'S** first week here at Bison Camp and she was most definitely not lazy in the lazy river! **ZOE HALPERN** was a speed demon on the racing water slides with a record of 5-1. Chelsea and Paige would like to thank Erica Kahn for showing our new campers the ropes. We don't know who was more excited to go to Fun 'N' Stuff, the campers or the counselors, but we all had a blast!

THE TROUTSNIFFERS ZACH, DOUG & CHRIS

We started out Week 2 with a giant boy-girl dodgeball game, which was both competitive and friendly. Complimented by sanctioned sport and raucous fun at the BFAC was a Nature day of rocket-racing. The kids flung balloon rockets across the room on a cleverly engineered string (courtesy of Nature's own Jason). Several of the campers displayed a good attitude this week. We have good listeners and actively engaged young men. **ALEX CAPARA**, **NIR KADOSH**, **MELVIN HILLIARD JR.**, **NICHOLAS "Jersey Boy" DEVITO**, and **BENJAMIN CAWLEY** demonstrated great energy and passion for group activities. We were lucky to spend a large majority of our time outdoors this week. The sweltering heat was perfect incentive for the kids to cool off at the BFAC. Spackled in water and laughing with glee in and around the pool area, the kids loved the gargantuan slides and whirlpool. One of the group favorites this week was candy-making, a sweet and sugary adventure looking inward and revealing young creative minds.

CUTIE PIES LOIS & JULIE

The Cutie Pies had an amazing second week of camp! We made beautiful flower picture frames in Art. The girls had an awesome time blasting off their balloon rockets in nature. The winners of the launching contest are **CAROLINE DONNELLY**, **JULIA RUSH**, **CELESTE BOHAN** and **PARKER BROWN**. Candy making was a delicious treat. The girls spackled chocolate on graham crackers, cookies, and chips. They had a yummy time eating their creations. The weather was wonderful and we were able to enjoy some fun in the sun at the BFAC. We had a great field trip to Fun 'N' Stuff! Campers of the week are **OLIVIA SORMAZ** and **GRACE BEEDLES**. Great job girls! A special shout out goes to the joke lady. We love them, keep them coming!

SMILEY GIRLS KARLY & CARLA

Another great week of camp! The Smiley Girls enjoyed a lot of sunny weather at the BFAC this week. With their spackling imaginations the Smiley Girls enjoyed a wonderful Webkinz wedding put on by **CARLY** and **OLIVIA C.** We welcomed our new camper, **SARAH**, this week and together we continued to enjoy the warm weather with lunch at the playground. **LAUREN**, **ANASTASIA** and **SAM** caught our unique class pet, Bob the spider. The Smiley Girls also enjoyed making boxes in Art, playing ultimate football in Sports and dissected owl pellets in Nature. We once again finished our week with another great field trip to Fun 'N' Stuff. Thanks to our Smiley Girls who brought in snack this week: **LAUREN**, **OLIVIA C.**, **OLIVIA H.G.**, and **EMMA**.

THE JAY-JAYS & THE ROCKETTES JILL & JOCELYN

What another great week! Our girls enjoyed 2 full days at the BFAC! They love the lazy river and the high dive! When we are not catching rays at the BFAC, the girls played ultimate football, made paper mache boxes, and learned about being green. On Thursday, we had a great time making candy! A special thanks goes to **HEATHER JOHNSON'S mother** for her sweet help! Friday we had a field trip to Fun 'N' Stuff! We played laser tag, arcade games and even skated. The girls are having a great time at camp and we are looking forward to a fun-filled summer.
