**NORTHEAST OHIO REGIONAL SEWER DISTRICT AWARDS
BEACHWOOD WITH \$1.6 MILLION**

(BEACHWOOD, OHIO –August 7, 2023) – The City of Beachwood recently received \$1.6 million from the Northeast Ohio Regional Sewer District to help cover the cost of the Timberlane/Green Road Sanitary Relief Project. Total funds received to date for this project from the Member Community Infrastructure Program (MCIP) is \$3.1 million.

The city received these funds largely due to the diligence of GPD, the city’s Engineer, who guided the grant application process for prime sources of funding. The MCIP funds are designated for sewer infrastructure rehabilitation, replacement, and improvement projects that address water quality and quantity issues.

“We are thankful for the Sewer District awarding us this grant funding which enables us to advance an important project as quickly as possible,” says Mayor Justin Berns.
