MASTERBRAND OPENS HEADQUARTERS IN BEACHWOOD

(BEACHWOOD, OHIO –December 7, 2023) – The City of Beachwood is pleased to announce that MasterBrand, the number one leader in the North American residential cabinet business, has opened its national headquarters in office space in one of Beachwood’s prime commercial corridors. Jobs Ohio and TeamNeo were partners in the transaction. MasterBrand’s presence is anticipated to bring an increase of \$7.25 million in total payroll, and an expected \$2 million in new capital investments with tenant improvements at 3300 Enterprise Parkway. This project reflects a relocation of their headquarter operations from Indiana.

“The company’s relocation aligns closely with the city’s desire to attract growing national manufacturing headquarters that align with our existing strengths. This brings a new payroll to the city of \$7,250,000 which makes MasterBrand a new top employer in terms of new income tax generation to the city,” stated Catherine Bieterman, Beachwood’s Economic Development Director. She also notes that the collaboration of regional economic development partners brought together support for the relocation of the company.

Beachwood Mayor Justin Berns added, “I have a long history and knowledge of the superiority of products that MasterBrand offers in the residential cabinet business. Their products are top quality within the industry. The City of Beachwood strongly values and supports their future growth plans as they establish their new headquarters here in our community.”

MasterBrand Cabinets has several well-known cabinet brands that offer stylish products including Aristokraft, Decora, Diamond, Fieldstone, Homecrest, Kemper, KitchenCraft, Mantra, Mid Continent (MC), Omega, Schrock, Starmark, Ultracraft and Urban Effects.

“This is a high quality and prestigious company that we are proud to have supported. Beachwood has the resources and amenities that are attractive as a headquarter location. We look forward to supporting their current relocation and future needs here in Northeast Ohio and in the City of Beachwood,” said June Taylor, Economic Development Committee Chair.
